

In order for you to download the file from the BLU FTP server, please follow the steps below:

1. Download and install "FileZilla" using this link: <u>https://filezilla-project.org/download.php</u>

2. Once you have downloaded and installed "FileZilla", login with the following credentials (case sensitive).

Kernel Source Codes

- Host: ftp-01.bluproducts.com
- Username: Kernel_End_User
- Password: kernelSource2017@\$
- Port: 9990
- 3. Once you have successfully logged in, select "Quick Connect."
